

Mauro Alejandro Gerardi

Front-End Developer & Business Analyst

Buenos Aires, Argentina (GMT-3) · Remote · [+54 9 11 3579-3196](tel:+5491135793196) · alegerardi.00@gmail.com · maure-dev.vercel.app · linkedin.com/in/mauro-gerardi · github.com/Maure-dev

SUMMARY

Front-End Developer and Business Analyst with 5+ years at Leafnoise Company S.A., building SaaS products (Moorea) and Argentine public-sector platforms (COMPR.AR / CONTRAT.AR). I ship accessible, responsive interfaces in React, TypeScript and Angular, and turn business processes into clear requirements for Scrum teams. In 2026 I designed, built and launched two products solo: Abril Vet and Carili Design.

SKILLS

Front end: React 19, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Angular + Angular Material, Vite, React Router, i18next, responsive and accessible UI

Back end & cloud: Node.js, .NET / ASP.NET (C#), REST APIs, SQL (MySQL), MongoDB, Firebase (Auth, Firestore, security rules), Vercel Functions, Cloudinary, Mercado Pago API, Resend

Tooling: Git / GitHub, GitHub Actions CI, Vitest + Testing Library, ESLint, Lighthouse / axe, Vercel

Analysis & delivery: Business-process analysis, functional specs and user stories, backlog management, Scrum (Product Owner / Scrum Master), stakeholder liaison, incident management

EXPERIENCE

Leafnoise Company S.A.

Remote · May 2021 – Present

Software company: SaaS products (Moorea) and public-sector platforms (ONC, ANSES, Province of Santa Fe).

Front-End Developer

Aug 2021 – Present

- Build and maintain the front end of Leafnoise's SaaS products in React, TypeScript and Tailwind CSS.
- Own features from UX design to release: component architecture, forms and data-heavy views, REST API integration, state management, i18n, accessibility and cross-browser/mobile QA.

Business Analyst

Feb 2022 – Aug 2024

- Analyzed and documented customers' business processes and turned them into functional specifications, user stories and acceptance criteria for the Scrum team.
- Bridge between stakeholders and developers, covering Product Owner and Scrum Master duties: backlog prioritization, incident management, and coordination and training of teammates.

Tech Lead — COMPR.AR / CONTRAT.AR

Dec 2021 – Jun 2022

- Led the development team of COMPR.AR and CONTRAT.AR, Argentina's national e-procurement and public-works contracting portals (Chief of Cabinet of Ministers / National Procurement Office, ONC).
- Coordinated the team's day-to-day work, incident resolution and deliveries with the client.

Full-Stack Developer — COMPR.AR / CONTRAT.AR

May 2021 – Jun 2022

- Maintained and extended both portals: .NET back end, Angular Material front end and SQL database.

SELECTED PROJECTS

Abril Vet · 2026 · Freelance · Solo developer

abril-vet.vercel.app · [GitHub](#)

Management SaaS for veterinary clinics — patients, agenda, medical records, billing/POS, inventory, cash register, reports — with role-based staff access (Firebase Auth claims, Firestore rules). **Stack:** React 19 · TypeScript · Vite · Tailwind CSS v4 · Firebase · Vercel Functions · Cloudinary · Resend

Carili Design · 2026 · Freelance · Solo developer

carilidesign.vercel.app · [GitHub](#)

E-commerce for a handmade ceramic sinks studio: catalog, cart, Mercado Pago checkout confirmed by a server-side webhook, customer accounts and an admin panel (products, orders, content). **Stack:** React · TypeScript · Vite · Tailwind CSS v4 · Firebase · Vercel Functions · Mercado Pago · GitHub Actions

Moorea · Leafnoise · Front-End Developer

moorea.io · saas.moorea.io

Process-management and automation SaaS. **Stack:** React · TypeScript · Tailwind CSS

COMPR.AR & CONTRAT.AR · Leafnoise for the ONC · Tech Lead / Full-Stack

comprar.gob.ar · contratar.gob.ar

Argentina's national e-procurement and public-works contracting portals, where government entities publish their processes and suppliers submit their bids. **Stack:** .NET · Angular Material · SQL
